

# Intergalactic FM streams for Kodi plugin

Below are the specific texts and images required by Kodi. Please, try to meet the requirements as close as possible. Kodi has many different views and we do not know which view for navigating and playing streams is used by the user. So using this format as described by Kodi itself gives the best result for all. This overview has been automatically generated on 2018-12-15 10:09:43.

## CBS TV (cbstv)
